

Softshare Athena . Web-based electronic commerce

It's no coincidence that Softshare named its Web-based EDI solution after Athena, the Greek goddess of industry and trade. Developed for companies with low EDI volume, Softshare Athena encourages e-commerce throughout all tiers of business by offering an economical alternative to traditional EDI software and network services.

And like Athena who, according to Greek mythology, entered the world fully grown, you will be fully EDI capable in a matter of minutes after opening a Softshare Athena account. Requiring nothing more than an Internet provider and browser, Softshare Athena provides everything you need to exchange EDI documents with your trading partner(s).

Athena has also been called the goddess of reason, intelligence, and wisdom. A tough act to follow, but you'll find that Softshare Athena lives up to its namesake.

Softshare Athena

means no software to install or network to connect to!

Softshare Athena. Easy, Affordable E-Commerce.

Instant Access

Because Softshare Athena is a Web-based service, you can access your Athena account from any computer with a browser and Internet access. As long as you have your Softshare mailbox number and password on hand, it doesn't matter if you're logging in from the office, your home computer, or even from the road.

Navigating your way through Athena's folders is as easy as clicking an icon!

Having trouble convincing your smaller trading partners to embrace EDI? Contact Softshare to discuss how a custom Athena solution will benefit you and your trading partners.

User-Friendly Interface

After you log in, Softshare Athena presents you with the contents of your inbox so that you can quickly view new messages. In addition, Athena organizes your sent, draft, and discarded documents into separate folders, letting you easily manage your EDI activities.

Visit Softshare's interactive Athena guest account and see for

Easy-to-Use Templates

For each trading partner that you exchange EDI documents with, Softshare Athena features a custom template, called a trading partner kit. Athena's trading partner kits comprise your trading partners' EDI requirements. When you create or respond to an EDI document in Athena, the appropriate kit is invoked, prompting you for the exact information required by that trading partner.

Instant Document Notification

With Softshare Athena's optional Mailbox Messenger service, you'll receive notification of document arrivals via the e-mail address of your choice. Mailbox Messenger ensures that you always know when an important document is—or isn't—waiting for you.

With Softshare Athena, you can meet all your trading partners' EDI requirements for as little as \$300 a year!

yourself how easy EDI can be. http://athena.softshare.com

XML Too

XML is no problem for Softshare Athena. Whether you are exchanging EDI or XML documents, Athena's functionality is the same—seamless.

EDI for Government Contractors

Softshare Athena also supports the exchange of EDI documents such as RFQs and quotations with the federal government. Call Softshare's Government Information Services department at 805-882-2570 for more information on our government contractor programs.

System Requirements

All you need to access Softshare Athena is an ISP (Internet Service Provider) and Web browser. Any ISP is fine, but for your Web browser, you must use Microsoft Internet Explorer® (version 5.0 or later) or Netscape® (version 6.2 or later).

Athena displays your documents in an attractive, easy-to-ready HTML format. However, you can also view them in their native EDI or XML formats.
